Glad to have two new to the team this year, K8FC and NM2O are surely welcome additions here. After the 1st day, we were convinced that we would beat last year, but the falling conditions did us in. High winds and blowing snow were nasty until Sunday, but only accounted for one of the 40 meter antennas getting blown off course, and we lost one of the 20 meter RX 4 sq elements, but repaired that quickly.

80 and 20 were our standout bands, 80 was our best showing that I can recall. New 8 circle RX (16' CF elements) seemed to outperform our beverages most of the weekend. BUT all the beverage terminations and feeds are under ice and snow and I expect that had something to do with that.

Congrats to all the great M/M teams out there that continue to provide inspiration.
